**ENVIRONMENTAL
SERVICES
AGENCY**

Dear Sirs or Madam:

This letter is in regards to Johnson Mechanical and a project they completed for San Mateo County Parks. I would like to acknowledge Bill Johnson, Ben Williams and Mike Porter from Johnson Mechanical. They were very professional and knowledgeable. Their efforts and planning made this rather complex project run smooth and organized. In adverse conditions like rain, mud and the cold they worked to complete this project. The end result is not only appreciated by staff but the park visitor.

Agricultural
Commissioner/ Sealer of
Weights & Measures

Animal Control

I look forward to working with Johnson Mechanical on future projects.

Sincerely,

Cooperative Extension

David Moore
Park Superintendent
